## Exercise 16

В упражнении использовано задание финала ПВГ 2014/15, 10–11 класс, вариант 1.

(60 minutes, 250–300 words)

An English magazine has a weekly column called “Discovering the world”. As part of their new investigation into cultural issues, they have asked you to write a report based on your own survey of **the top popular tourist spots in London in 2010 among teenagers from different countries**.

In your report say:

1. What countries do the teenagers taking part in the survey represent?
2. What does the survey demonstrate?
3. Have there been any changes since 2010?

Do not forget to follow the rules of report writing and use an appropriate style.
