

Writing a Report

Exercise 13

Imagine that your colleague has conducted an experiment on people's ability to detect changes. 50 people participated, and their results are presented in the chart below.

Study the chart, watch the video and **write a report** about the experiment in about **250–300** words. In your report speak about:

- what the experiment was like and how it was conducted;
- the purpose of the experiment;
- the results of the experiment.
